Safe And Sound Investments For A Quick Turnover At A Reasonable Advance

\$3,000

Will purchase a choice FARM with 30 acres in crop, one third of the crop goes with the farm. Good houses, splendid water and well fenced. If you are looking for a good farm near Edmonton ten miles out, go and see this proposition. You are sure to purchase. Terms \$1500 down and balance in six, twelve and eighteen months at 8 per cent.

\$47,000

Splendid block, McDougall Avenue, reasonable payment down and good terms. This property in two years will be worth \$75,000.

\$560

Choice building lot on Sutherland Avenue, get after this quick, or you will lose it. Half cash, balance six and twelve months.

\$15,000

Eleven lots on Jasper Avenue with buildings, here is another chance to make a few dollars quick. Have an interview with us and we will tell you all about it.

\$20,000

Will handle 150 feet frontage on McDougall Avenue near the post office; this is another one of our snags in the centre of the city. Reasonable payment down. Terms to suit the purchaser. The house on this property brings in good rent.

\$1500

Each, 2 View lots, and should the Parliament buildings be erected near the old H.B.R. Fort, these lots will be worth several thousand each. Easy terms.

\$1350

This is the amount required to purchase a nice corner position and two lots on Government Avenue close in. The reason of this sacrifice is on account of the owner having to make other payments which are past due.

\$7.50

Per acre, 30,000 acres situated immediately south of Birch Lake in the Vermilion. Very small payment down and the balance to suit, nothing less than 10,000 acres sold.

In Farming Lands

We have some dandy propositions in well improved farms, and also in wild lands near the rail and City of Edmonton. It will be more satisfactory to use an ad you if you will call and have a chat with us.

UNIONISTS ORGANIZE

Meeting Will be Held in Unity Hall This Evening—Addresses by W. Trotter, John A. Flett and W. V. Todd

W. R. Trotter, of Winnipeg, is in the city perfecting organization among the trades unions of the city. On Friday evening he addressed the bricklayers in Horston's hall, and the Brotherhood of Carpenters in Unity hall. On Saturday night he addressed a special meeting of the Trades and Labor at their hall in the Sandison block, at which the council decided to ally themselves with the Dominion Trades Congress and to apply for a charter. The local council will probably send a delegate to the Dominion Trades and Labor Congress in Victoria on September 17th.

There will be a special meeting tonight of workmen in Unity hall, Sandison block, to which all workers are invited, whether members of organized trades or not. The meeting will be addressed by Mr. John A. Flett, Canadian organizer of the American Federation of Labor, and W. V. Todd, of the International Cigar Makers. Mr. Trotter will also speak. The purpose of the meeting is to bring the work and objects of the Dominion Trades and Labor Congress before the workmen of the city. Mr. Todd will speak more particularly on the union label. The meeting will open at 8 o'clock.

VERMILION INCORPORATES
Premier Rutherford goes to Vermilion tomorrow evening to attend a celebration held in honor of the incorporation that is taking place as a town. Quite an elaborate program is to be presented.

Prosperous Vermilion, scarcely yet a year old, so new in fact that the paint has hardly dried on the buildings, is today incorporated as a town and henceforth will conduct its own municipal affairs in its own way. The order in council by which incorporation was conferred was issued from the government offices this morning and Harry Bowtell was named as returning officer to conduct the poll by which the first mayor and board of aldermen will be elected. The date of the election has not yet been set.

In honor of the occasion a big picnic is to be held at Vermilion tomorrow, which Premier Rutherford will attend, leaving by the morning train. He will speak in the new town tomorrow afternoon and there is to be a general celebration with numerous events and attractions.

The story of Vermilion is one of the constructive romances of the west. One year ago, in November, the railway was built into Vermilion and building began on the bare prairie. When the census was taken a month ago the population was 560. Without municipal administration the town has been built, sidewalks constructed and a flourishing community has sprung into existence. Public spirited and enterprising to the last degree, the town now takes on the cares of self government and the future is rosy for a large, over-growing city, rapidly increasing in power, wealth and influence. It is a purely western town with a western history; the right kind of dash and energy about it to make it go ahead. In the language of the Chinook, Vermilion is a skookum town.

GREY LEFT FOR EDMONTON

Governor General Reached Winnipeg Saturday and Proceeds West To day.

(Special To The Bulletin).
Winnipeg, Aug. 27.—Earl Grey and party arrived Saturday night, stopping at the Royal Alexandra. The Earl attended Holy Trinity church yesterday morning and leaves this morning for Edmonton. There was no official recognition of the visit.

Winnipeg, Aug. 27.—In accordance with the announcement made some days ago His Excellency Governor General and Lady Grey together with members of the family spent the week end in the city. This visit so far as Winnipeg is concerned is of a private character, but when Earl Grey crosses the Rockies it will at once become invested with the significance of an official mission for it will be the first time the Governor General has passed through British Columbia since his appointment. The vice-regal party occupied the gubernatorial coaches "Cornwall" and "York." The Governor General's party included his son, and Lady Selkirk Grey, second daughter. Several private functions were pulled off in honor of the visitors.

WHO MAKES MEN'S STYLES?
One Journal of Tailoring Says That Actors Have to do with it. That actors originate styles is the tacit admission of the Sartorial World, the Chicago Journal of the custom tailors. This is hardly correct. New styles are originated rather by gentlemen of leisure who are continually striving after a distinct individuality of dress. The actors may help to spread the desire for a new style by appearing in summer scenes in the winter, but the changes in style are rather created by the man who wants some distinctive touch which is not too loud a departure from the prevailing vogue but is at the same time in the semi-ready tailor shops the extreme styles are taboos, and yet there is always a destructive touch about a semi-ready garment. The Semi-ready Wardrobe is a permanent exhibition of garments which are correct in style, and cultured in every part of the creation.

CHIPMAN'S DESTINY

ASSURED BY NATURE

Mary New Industries and Enterprises Coming to Town—Recognized as Mail Distributing Centre by Post Office Department at Ottawa

Chipman, Aug. 25—Little has been heard of Chipman and the doings here, but you will find it on the map nevertheless. In the eyes of the C.N.R. officials, it certainly is a point of no secondary importance.

It does not seem to be generally known that the C.N.R. company own 840 acres of as choice land as can be found in this valley. Moreover we possess a station house, most prepossessing in appearance, size and general structure. The town already has an express order service, a post office, with postal facilities as are enjoyed by cities such as Edmonton and Wetaskiwin. The fact that express money orders are obtainable is a loud-speaking fact in itself.

There are already two good general stores which are sometimes taxed to their utmost on market days, especially. Others are soon to follow. Mr. Kirkpatrick is the pioneer store-keeper and also postmaster of the place, while Messrs. Gordon Bros. have recently opened up a large two-storey general store. In these two stores we may find as good an assortment of dry goods, boots and shoes, gents' furnishings, groceries and crockery, harness, hardware, furniture, etc., as can be found in any western town. There is also a general flour and feed store kept by Mr. Logan. A spacious and fully equipped blacksmith shop is being fitted up by Mr. Hulberg, whom the public will find both obliging and reasonable.

There is a large hotel, where ample and satisfactory accommodation can be secured by the public. As many as ninety people sit down to dinner. A large livery barn and feed stable has also been erected with a capacity of 30 or 40 teams.

A school district within the town has been formed and we perceive operations are well under way for the erection of a fine and imposing structure for the education of our young. Messrs. Smith and Torrie, late of Lamont, our neighboring town on the west of us, have recently bought out the large meat emporium here, thus testifying that outside capital is beginning to come into our town.

The Vermilion—Edmonton freight train crew stop here for meals. A large elevator now serves as a landmark to guide the weary wayfarer to our fast growing burg. And the most notable fact of all is that the government authorities are fully alive to the bright future of Chipman by making it a distributing point for mail, as it has been for sometime past, from the commercial standpoint. The tenders are about to be let for the distribution, and carrying of mail out as far as Lac la Biche and to Fort Chipewyan on Peace river. Our town has thus no reason to blow her own horn. Our natural advantages and superb position are simply unique. Main street lots are held at stiff prices whereas our property is not being vaulted by 'would-be' real estate quacks but our enterprising though unassuming citizens pursue the smooth and even tenor of their way, fully alive to the fact that it is by minding one's own business that people become rich and ever looking forward to the day when this prosperous little town, 42 miles east of Edmonton, will reap the reward of those who "watch and wait."

ADDITIONAL SOCIAL AND PERSONAL
 Drs. Strong and Wilson have gone to Ranfurly for a few days' duck shooting.

Miss Ella Perkins, B.A., daughter of Mr. Fred Perkins, of F. Perkins & Co., left Friday afternoon for Vancouver where she will resume her duties in the Roberts High School.

Mrs. Isabel Rodd of Charlottetown, P. E.I., arrived in the city yesterday to take charge of the millinery department of F. Perkins Co. Miss Rodd, who was formerly with the Perkins company in Charlottetown, has been for the last six months with Madame Page, "The Hatter," Boston.

ADDITIONAL LOCAL

—W. Keith has opened up a new coal mine near Fort Saskatchewan.

—W. McKay returned last week from Athabasca Landing. Harvest is well under way in all the settlements.

PRIVY COUNCIL

GRANTS APPEAL

Famous Church Case Will go to the Highest Judicial Body in the Empire

Mr. C. De Wolfe Macdonald, of Macdonald, McKinnon and Cogswell, barristers, etc., of this city has returned to the city after a trip to the Old Country. Mr. Macdonald returned a few weeks ago, but has been spending the time with his family at Gull Lake.

Mr. Macdonald was in the Old Country in connection with the appeal in the famous church case, namely, Rev. Ivan Zachlinski, Pavlo Paseenko and Petro Melnyk, trustees of the Greek Catholic church at Star, plaintiffs, and Rev. Jas. Korchinski, Michailo Polanski, Ivan Polypiv and Michailo Melnyk, defendants.

This case has been before the courts for a number of years. The trial judge was Justice Scott of Edmonton. An appeal was carried to the supreme court of the Territories sitting en banc, who sustained the decision of Justice Scott. This judgment was reversed by the supreme court of Canada whereupon the plaintiffs carried the case to the Privy Council.

Mr. Macdonald is counsel for the plaintiffs and appellants in the case before the Privy Council. Before the case could be argued before the Privy Council it was necessary for Mr. Macdonald to show the right of appeal, as it is well known the Privy Council will not reconsider a case from the supreme court of Canada unless it can be shown the judgment of the supreme court is calculated to spread discord among His Majesty's subjects in Canada.

Mr. Macdonald rested his case on the printed petition as he appeared before the learned tribunal. Lord Davey was the spokesman. He said in addressing Mr. Macdonald: "You have conducted this case for the plaintiffs from its inception without counsel. I see in your petition on appeal you had in your favor the judgments of six judges in Canada, whereas your successful opponents, the defendants, only had four. This makes a great preponderance of judicial opinion in favor of your clients. Take your appeal."

The King's Order for the appeal was shortly taken out by Mr. Macdonald's solicitors in London, Messrs. Harrison and Powell, and sent to Edmonton for service on Messrs. Short, Cross and Biggar, counsel for the defendants.

The plaintiffs were forced to deposit in the Bank of England £300 sterling to cover the cost of the appeal, and also to deposit £20 sterling to cover the cost of re-printing the case in England.

The appeal will be heard by the Privy Council sometime towards the end of November or the beginning of December.

en route and the yield promises to be good.

—Miss G. A. Shilbey left for Victoria B.C. last week having been called there by the illness of her sister.

—Superintendent McCaig was busy this morning in allotting the new teachers to their respective classes.

—E. C. Tozer, proprietor of the Nianite, Ill., Enterprise, is visiting Edmonton, accompanied by Raymond Peverly of Warrensburg, Ill.

—Principal Rea of the High School reports an opening attendance today of 65 pupils, which is good for the opening day. Many more are expected this week.

—There will be a junior baseball practice this evening on the Second street grounds at 6.30 p.m. All players are earnestly desired to be in attendance as a team will be picked to play at Fort Saskatchewan and Leduc.

—A horse and buggy was tied by some thoughtless individual to a post in front of the Queen's hotel and left standing across the street causing causing street-goers to take the deep mud of the street. Constable Haig enquired for the owner, who was nowhere about and so removed horse and rig to the Alberta livery.

TENDERS WANTED.

Will be received up to Sept. 1st for the purchase of the following property.

1. Large frame house on corner of 1st and Clara streets.
 2. Frame stable on the same premises.

THE EARL'S VISIT

Earl Grey and party, who are touring the west, left Winnipeg this morning and should be in Edmonton during the week. Some of the western cities already visited have set the pace by somewhat lavish receptions—a pace which Edmonton need not necessarily follow. It should be kept in mind that Earl Grey is on a holiday and he should be permitted to enjoy the outing without the western cities rising up to surround him with the pomp and formality which properly mark his ordinary comings and goings. There should be no lack of loyalty and cordiality in our reception, but the guest of the day in search of recreation should be spared the affliction of tedious addresses and wearisome ceremonies.

THE C. P. R. ENTRANCE

The board of trade are late with their resolution anent the C. P. R. proposed entrance. The charter for the bridge was secured long since, the right of way on both sides of the river has been purchased, the company have already located their freight sheds here in prospect of this crossing and engineers are busy trying the river bed for a foundation for the bridge. That the company would now voluntarily abandon the route is most improbable; that they could now be forced to do so is by no means certain, and in either event the city could reckon on a substantial bill of costs for the abandonment of the present route, the acquisition of a new right of way and the delay in securing an entrance. However, desirable it might have been to secure entrance by a different route the time for proposing this was before the company had secured the present route and it may now be too late to effectually prevent their using the right of way they have secured.

A matter which the city should take up, however, is that of

railway street crossings and the time to consider this in reference to the C. P. R. tracks is the present. The proposed bridge, it is understood, will be at a considerably lower level than the top of the bank. Why not work for an arrangement whereby the track from the bridge to the terminals would be carried in a trench, thus providing for a subway at every street crossed on route? It would solve forever, so far as the C. P. R. is concerned, the vexed questions which arise from the crossing of streets by railways. The railway traffic would be secured from interference by street traffic and the street traffic from interruption by moving trains and shunting cars. The street crossings being on the level would not interrupt boulevarding or street ornamentation schemes. The lower level of the track should in a large degree lessen the nuisance complained of by the board of trade, so far at least as the noise is concerned. This plan should prove most satisfactory to both city and company. It would involve comparatively little extra cost as the grade must be surmounted in any event, and should be accordingly easily secured. The matter should be considered by the city council at least as an alternative to the board of trade proposal and if the latter prove impracticable the subway plan should be secured beyond peradventure.

PATRIOTISM AND THE POETS

A leading Canadian poet follows the lead of Rudyard Kipling in lamenting the decadence of loyalty in Britain. The theme of Kipling is the South African situation and under the heading, "Will Britain Make No Sign?" the distinguished writer versifies on the failure of this situation to produce an outburst of enthusiastic loyalty in Great Britain.

Quarrelling with the poets is a profitless task, but in the present instance it is quite as unnecessary as useless. Patriotism is of two kinds—sentimental and intellectual. The former is an emotion, the latter a conviction. The former owes its origin to the accident of birth or the influence of early training; the latter to an intelligent conception of the merits of one's country and of the duties and responsibilities of citizenship. The former is changeable, liable to sudden outbursts of passionate devotion followed by reaction; the latter is the immortal foundation on which the fabric of the Empire rests.

The poets are concerned more with the expression of the sentiment than the existence of the conviction and as the sentiment is now sustaining the reaction from the excitement of the Boer war, the verse-writers are troubled. But there is no occasion for alarm over the decadence of patriotism in Britain or elsewhere throughout the Empire. Never were the merits of the Empire and the advantages and duties of citizenship so generally recognized or more clearly understood. The public may not go into hysterics over every cloud that rises but this is merely because they have a clearer view of the national strength and a deeper faith in its solidarity. A man may be tired shouting but this is no sign that his convictions are waning.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use in the event of the first symptoms appearing. It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. I have used it myself, and will say so—L. Elder, Newmarket, Ont."

If it were anything but the best would this be so? Try it in your own family. It does not cure you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell.

SPORTING NEWS OF THE DAY

Cowboys Win First

Calgarians Rally a little in Concluding Round and Snatch Game Away from Caps after Victory Seemed Certain

Calgary, Aug. 25.—(Special wire to the Bulletin)—With a lead of two runs to nothing, with the Edmonton team working smoothly in every joint, with Howard pitching wisely and strong, there seemed nothing to it at the end of the eighth but a clever victory for Edmonton in the first game of the series. It was all joy and sunshine with the Capital bunch.

It was at this time, at such a psychological moment that Rueben Howard took fright and threw away the game which he had been the leading factor up to that time in practically winning. "Shorty" Rochon, the first man up, singled. Then Howard took to the tall timber in real earnest. First he walked Moyné. He followed along by hitting Ford and the bases were full, with two strikes on Reeves Howard put over a straight ball. Reeves met it fair on the seam, putting it out to left field. Deaton tore the earth in trying to reach the stab, but could just get a finger on the ball. Rochon, Moyné and Ford scored before the ball got into the diamond, and thus the game was lost. Then pandemonium broke loose; Calgary fans went absolutely insane and have not recovered yet.

The game was a wonderful one, the best perhaps that has ever been seen in Victoria park. The Calgary team outfielded the Edmonton men, never making a semblance of an error, though a little work by Setley saved Calgary from one black mark, mention of which will be made later. With the willow the Edmonton men did somewhat the better until the last innings. Howard had the better of Crist in the box until the final spasm.

Garrison and Donnelly umpired and did their work well. The Calgary fans amused themselves by calling Garrison names for a close decision. But Garrison did his work well, and with the one exception gave Calgary the better of the close decisions, and in that one case, made a quite proper decision. Donnelly also did very good work.

Edmonton took the first turn at the bat. Sullivan was walked, but the other three went out without trouble.

In Calgary's half Rochon got first on a single. The decision at first was close but Garrison gave Calgary the better of it. Rochon took second on a passed ball, but that was all.

SECOND INNINGS.

A procession for Edmonton, White and Dobson hitting to the pitcher and Setley striking out. Ford went out, White to Dobson. Reeves got a life on Gleason's error. McGinnis trundled to Sullivan and Watson to Dobson.

Third Innings—Deaton singled, but Dobson hit into a lightning double play. Gleason flew to Westerberg. Crist and Donovan both offered sky productions to Howard. Then Westerberg singled and stole second. Rochon hit to left field and Deaton was heartily applauded for taking it in, after a hard run.

Fourth Innings—Edmonton earned one of its two runs. Adams, the faithful, snote for two sacks. When Sullivan had fanned, Hodge singled, scoring Adams. Hodge tried to make third on fielder's choice and was thrown out. Setley popped to the pitcher.

Moyné sent a high one along the right foul line. White, after a hard run missed it. Garrison called it a foul and the bleachers, encouraged by Donovan, got after him and kept it up for the rest of the day. Then Moyné drove out a foul to Setley. Ford

singled, Donnelly giving him the best of the decision at first. Reeves hit into a fast double in which Gleason, White and Dobson took a hand.

Fifth Innings—Crist pitched but three balls in the fifth. Dobson was out Rochon to Dobson. Deaton popped to Rochon and Howard to Reeves. McGinnis singled, Watson fanned. Crist hit into another double, White and Dobson handling the play.

Sixth Innings—Gleason struck out. Adams was out on a smite that lined half an inch in front of the plate. Sullivan singled. Hodge was out, Moyné to Dobson.

Calgary was dangerous in this innings. Donovan singled. Westerberg went out on the third strike. Rochon got down on an error by Sullivan. Both advanced on Moyné's out. Ford fanned.

Seventh Innings—White was caught by Watson. Setley singled. Dobson forced Setley at second. Deaton was out, Moyné to Reeves. Reeves and Watson fanned. McGinnis fouled out to Hodge.

Eighth Innings—With two out and two strikes called, Adams hit to right field and circled the bases. The smite was not well fielded, but the scorers were quite right in calling it a home run. Sullivan went out by the assistance of the short stop to first base. Crist out, Gleason to Dobson. Donovan fanned. Westerberg flew out to Adams.

Ninth Innings—Hodge hit a little fellow in front of the plate and was called out. White hit to Rochon and was out at first. Then Wild William did the dramatic, and when he hit to Moyné stopped running. But Moyné made a bad throw, which Reeves had difficulty in stopping and when Setley did get on steam it was a race for the bag and Reeves won by an eyelash. That gave Calgary the opportunity of claiming an errorless game.

Then Calgary went at it. But the method of going has been described at length above.

Tecumsehs Won Out

Score Tied Six Times During Play and was Even at Time

Toronto, Aug. 26.—The lacrosse game at the Island on Saturday afternoon between the Shamrocks of Montreal and the Tecumsehs was strenuous. Six times the score was tied and at the expiration of time was six

to six. Two extra periods were played, the Tecumsehs scoring one in each and winning by 8 to 6.

(Special to the Bulletin.)

Winnipeg, Aug. 27.—In the eastern lacrosse series the Nationals sprang a surprise by defeating Cornwall and prospects of the factory town team for the championship are not now nearly so bright. The Capitals trimmed the Montreals by a score of 6 to 3 at Ottawa and are now leading the league, while the unbeatable Shamrocks sustained another defeat from the Tecumsehs.

Montreal, Aug. 27.—Eight to three was the result of the National-Cornwall match to the satisfaction of the supporters of the National team and to all appearances, of the entire grand stand. The Nationals were out to win and their backers were beyond doubt confident of victory as well as were the men on the field.

Fine Weather Today

Game in Calgary Will Take Place as per Schedule.—Enormous Crowd Will Attend.

Calgary, Aug. 27.—(Special to the Bulletin)—No rain here; weather fine and warm; ideal baseball day. Game will take place on schedule time. Enormous crowd of Calgary people will witness contest this afternoon and there are barrels of money here to say that Calgary can repeat the performance of Saturday. With Howard on the bench and Yeazell in the box the Calgarians feel quite sporty. Their team certainly played wonderful ball Saturday.

Boxing Match

Vic Holbrook and P. McClintock Will go 10 Rounds in the Ring on September 17

Vic Holbrook, of Seattle, a clever little boxer who has travelled some in fast company on the Pacific coast, and Pete McClintock, of Strathcona, will box 10 rounds in the skating rink in Strathcona on Friday night, September 7th. J. McMillan, the Strathcona real estate man, is managing the executive features of the bout and has been instrumental in bringing the men together. Jack Davis secured Holbrook and induced him to come to Strathcona to pull off the mill with McClintock. Down is back of the guarantee that there will be a lively bout.

MACKENZIE GOES EAST.

(Special to the Bulletin.)
Winnipeg, Aug. 25—William Mackenzie, president of the C. N. R., left this afternoon for Toronto after making an inspection trip to the coast and completing arrangements regarding the Brandon terminals. When asked as to when he would be coming west again, Mr. Mackenzie replied, "I am not certain, but I will be in Toronto one month." What is being done in connection with the building of the Winnipeg terminals? "That question will be set Montreal."

NEW PROFESSOR.

Winnipeg, Aug. 25—The professorship of exegetical theology in St. John's college, formerly held by Archbishop Matheson, which has been vacant since his elevation, has been filled by the appointment of Rev. Richard Talbot, of London, England. The professorship carries with it a canonry in St. John's cathedral.

(Special to the Bulletin.)
Port Arthur, Aug. 25—At midnight last night some person placed a boulder on the street railway track in Fort William. A car left the track but no person was injured.

LETHBRIDGE BYLAWS.

(Special to the Bulletin.)
Lethbridge, Alta., Aug. 25—Three important bylaws were carried here today, namely, to grant certain exemption to a wolen mill, the Kelison flour mill and to the Lethbridge Electric Co. to bore for natural gas. All were carried by substantial majorities.

BRIDGE FOR PRINCE ALBERT.

(Special to the Bulletin.)
Prince Albert, Sask., Aug. 25—A large public meeting tonight unanimously approved the proposal of the Prince Albert city council to contribute \$25,000 towards the cost of a joint traffic and Canadian Northern bridge across the river. The street railway question was also discussed and the council requested to get details and a definite proposition from each of the three companies applying for a franchise. A resolution was also passed requesting the council to carry on street section of the city this fall.

WRECKED AT ST. THOMAS.

St. Thomas, Aug. 25—The C. P. R. express collided with the Wabash train at the crossing here this morning, completely wrecking both engines and overturning some coaches. The casualties reported are: Engineer Mackay, killed; Fireman Patterson, fatally scalded; Baggageman and Express Messenger Borbridge fatally hurt.

HENDERSON DISMISSED.

(Special to the Bulletin.)
Walkerton, Ont., Aug. 25—The charge against R. J. Henderson, of the Henderson Roller Bearing Co., who was arrested in Toronto Saturday last, charged with stealing \$1,800 from Henry Pedlar, of Hanover, was tried here today before Robb and Teller, justices, and dismissed.

TWO MILES TO ONE.

(Special to the Bulletin.)
New York, Aug. 25—Two miles of railroad will be built in

the Great Northern territory for every mile that James J. Hill builds in Canadian Pacific territory, declared Sir William Van Horne this morning. Sir William said Hill's plan to build a Canadian line from the Pacific ocean to Winnipeg, Man., in retaliation for the Canadian Pacific's encroachment, was foolish, and probably was a cloak for some plan which is not ready. Hill also arrived in New York today and said the Canadian Pacific evidently did not have a clear realization of the situation.

SUCCESSFUL MATCH MAKER.

(Special to the Bulletin.)
London, Aug. 24—The editor of a matrimonial newspaper, interviewed by the Tribune exhibited a letter received from Canada, enclosing \$250. He had married two sisters to young Canadian of decent position. The Canadians had called on the editor when in London and let their photographs. The ladies approved of the photographs and correspondence followed.

STRIKERS ENJOINED.

(Special to the Bulletin.)
Winnipeg, Aug. 23—Judge Macdonald this morning delivered judgment in the matter of an application by the master plumbers of the city for an injunction restraining striking plumbers from interfering in any manner with non-strikers in the performance of their duties, continuing an interim injunction which he had granted a few days ago, until the hearing of the case. The defendants immediately on the delivery of the decision gave notice that they would appeal to the full court against it. In his finding the judge pointed out that even allowing that strikes are legal, and strikers may by lawful means prevent others from working defendants had not kept within lawful bounds and on this ground he enjoined them until trial of the action.

PEACE REIGNS AGAIN.

(Special to the Bulletin.)
Brandon, Aug. 22—The trouble between the city of Brandon and the C. N.R. is over, satisfactory arrangements having been arrived at. Wm. Mackenzie, R. J. Mackenzie, Hugh Sutherland, Chief Engineer MacLeod and Manager James of the C.N.R. were in session with the city council this morning and after discussing questions for over two hours came to an agreement whereby Brandon will be a beneficiary. The Canadian Northern agreed to put Brandon on the main line between Winnipeg and Regina and make it a divisional point, and the company agreed to erect a new station to cost \$25,000. The city has agreed to close certain streets.

WIND RETARDS FOREST FIRES.

(Special to the Bulletin.)
Duluth, Minn., Aug. 23—The absence of winds is keeping in check the forest fires now raging on the Mesquim Vermilion ranges. Millions of dollars worth of property in towns and mines are in peril and escape depends on the direction and force of the wind. People at various points are back firing to prevent the encroachment of fires.

taken up by a quartette headed by Kenny Blatchford. The names are not yet given out for publication, but it is rumored that Watty Watson, of Calgary, and James Pennington, of Ferry Point, will make the second and third members, and the name of the fourth is not yet suspected. Davis is a husky wrestler and apparently has perfect confidence in his own ability, but in undertaking to throw Blatchford, Watson and Pennington, as well as a fourth man: all in an hour, he is assuming a contract which looks pretty large for any wrestler. The match will take place in the Thistle rink on Friday evening at 8.30. A couple of preliminary bouts are being arranged for to while away the time previous to the main event.

In the Canadian Military Rifle matches, fired on the Edmonton ranges in June and July, Edmonton took 22nd place out of 89 teams competing in various parts of the Dominion. The representatives of Sirathons are included in the Edmonton team, the two associations furnishing one team only. The members qualified for marksmanship were G. A. Reid, and J. Carmichael. Several others unfortunately did not fire in all the matches, and disqualified themselves. The conditions being that all four matches should be participated in and an average score of 85 at least for 2nd class marksmen. A bugler is badly needed for the range practice. Information as to name may be obtained from the secretary-treasurer, S. S. Brown or Capt. G. A. Reid.

THE ash-pit of the Oxford Hot Water
Boiler high base gives great depth for
accumulated ashes, and, when ordered,
is fitted with an ash sifter which separates the
good coal from the dead ashes, thus, without
any extra trouble, saving much fuel that is
ordinarily thrown away.

Oxford Hot Water Boiler

The diameter of the fire-pot is greater at
the top than at the bottom, preventing an
accumulation of ashes around the most active
part of the boiler.

The triangular revolving grate is hollow,
allowing immense air space without permit-
ting live coals to drop through. Dead ashes,
clinkers, etc., are sharply cut off by a turn of
the grate. The whole contents of the grate
are dumped by a few extra turns.

We would like to tell you more about the
Oxford Hot Water Boiler. Will you write for
our book? It's free.

Y. M. C. A. BUILDING.

Work was commenced this morning on the excavation for the Y. M. C. A. building at the head of Howard Street. Tenders are being invited from local firms carrying manufacturers agencies for the steel structural frames for the building. According to the plans there will be over 30 tons of steel used in the building. The whole framework will rest on six steel stanchions, across which will run the steel beams carrying the floor. Over the gymnasium there are to be immense lattice girders, ensuring perfect rigidity. It is expected to get the building closed in so that it can be completed this winter.

SOCIAL AND PERSONAL

Miss Schofield, of Guelph, is visiting Mrs. Thomas Bellamy, Second street.

Mrs. Hanna gave a pleasant "thimble" tea on Wednesday of last week, for Miss Victoria Niblock, of Calgary.

Misses Brown and Berg, of Wetaskiwin, have arrived in the city and have accepted positions on the city teaching staff.

Mr. Norman Murray, barister, of Vermilion, spent Saturday in the city.

Miss Victoria Niblock, of Calgary, is visiting Mrs. Ewing, Fifth street.

Mrs. Nightingale has returned from the east, where she spent a delightful two months.

Miss Ethel Campbell, who has been the guest of her cousin, Mrs. J. W. Morris, left for her home in Winnipeg, this morning.

Miss Macdonald, Fifth street, accompanied by her little niece, Dorothy, returned Friday from visiting Mr. and Mrs. Mann, Ponoka.

Mrs. Donald Macdonald, of Edmonton, whose marriage a year ago, was one of the brilliant social events of the early summer, has returned east, and is visiting her parents, Senator and Mrs. Kerr, of Cobourg, during the summer months. She expects to remain over in Toronto for a few days on her way back to Edmonton, giving numerous friends here an opportunity to welcome this attractive young matron. During her stay she will be the guest of her brother, Jack —Toronto Saturday Night.

Mrs. Dr. H. C. Wilson was the hostess on Friday of one of the largest "tea" this season. Mrs. Wilson was becomingly gowned in grey voile heavily appliqued. The tea room, and the tea table drew forth many pleasant comments with its silver candelabra and the color tones of pale yellow and white blending with the floral decorations of the same hue. Mrs. Strathby presided at the tea urn and were a dainty cream lace gown with trimmings of cream silk. Mrs. Turnbull had charge of the coffee, and was wearing a handsome gown of green voile. Miss Henderson looked after the ices. Miss Beatrice Beck made her first appearance and was one of the clever assistants with Miss Violet Wilson, a daughter of the hostess, and Misses Fielders and McLean. Among the many present were Mrs. Darling, Miss Gascoigne, Mrs. Nightingale, Miss Niblock, of Calgary. Other guests present were Mesdames Hislop, Emery, Almon, Bishopric, Jellett, Charlesworth, Braithwaite, Slocock, Ewing, Thibault, Beck, Jamieson, Allan, Brown, Norquay, Gray, Wallbridge, Barrow, Hyndman, Cautley, Morris, McKenzie, Misses Gascoigne, Taylor, Lynch, Worsley, Wishart and Wallbridge.
